Let’s keep our community healthy.

Help prevent the spread of COVID-19 by taking some simple precautions.

- If you have a fever, cough or difficulty breathing, please call or email instead of entering the office or your classroom. We can assist you over the phone or via email and can arrange to support you safely.

- Stay at home if you begin to feel unwell, even with mild symptoms such as headache and slight runny nose, until you recover. If you develop fever, cough and difficulty breathing, seek medical advice through 811.

PREVENTION

- Wash your hands frequently
- Regularly and thoroughly clean your hands with an alcohol-based hand rub or wash them with soap and water.
- Maintain social distancing
- Maintain at least 2 metre (6 feet) distance between yourself and anyone who is coughing or sneezing.
- Avoid touching eyes, nose and mouth

If you have fever, cough and difficulty breathing, seek medical care through 811.
