

## New Year. New Policy.

It's a New Year and Johnson Insurance would like to offer a few tips to help start 2019 off right and to help give you some peace of mind going into this New Year.

- **Protect your presents:** Gifted any high value items this past holiday season? Often, Canadians forget to revisit their insurance policy to ensure their newly acquired possessions are covered. Contact Johnson to ensure your contents limit cover the value of your total belongings which reflects your recent purchases or gifts.
- **Save a bundle:** Resolving to save more in the New Year is a worthy goal, but before you lose the latte to save money, consider reviewing your insurance policy to see if you can save money on your premiums.
- **Family Matters:** For those starting 2019 with a new fiancé, be sure you find out if that new shiny ring is covered on your insurance policy.

Call Johnson Insurance today to be sure your policy protects you and your family's needs this New Year.
