

## Residence Green Team Captain

The Residence Green Team develops and implements programs to promote environmental friendliness in Residence. They educate students on how to live sustainably in our community. Past events coordinated by the team and potential future events include:

- Waste sorting stations
- Trashformers (community clean ups)
- Plant Nights
- DIY laundry detergent events
- Hiking around Halifax
- Recycling 101
- Poster campaigns
- Waste-free Wednesdays or Sustainability Sundays
- DIY Eco-friendly body scrubs
- Make your own terrarium
- Nature Scavenger Hunt at Point Pleasant
- Upcycled Art Floor Contest
- Plogging club

We are currently recruiting a Green Team Captain to lead the team for the 2019-2020 academic year! The Captain should be passionate about sustainability, an enthusiastic leader, and display exceptional organizational skills. Preference is given to those studying Environmental Sciences and to those with previous Residence leadership experience, but all are welcome to apply!

The Green Team Captain typically puts in 3-5 hours per week, but some weeks may be more or less. This is a volunteer opportunity and is great experience for anyone wanting to pursue a career in sustainability education.

To apply, please submit a resume and cover letter to [Residence.Programming@smu.ca](mailto:Residence.Programming@smu.ca). In your cover letter, please outline your reasons for applying and why you believe this position would be a great fit for you!

**Applications will be accepted up until 11:59pm on April 28<sup>th</sup>.**
